

ULTRA TREMOLO UT300

Classic Tremolo Effects Pedal

Thank you for showing your confidence in us by purchasing the BEHRINGER ULTRA TREMOLO UT300. This high-quality effects pedal is designed to provide guitarists easy-to-use tremolo effect styles. Thanks to its high-performance features you get the classic, warm and mind-bending tremolo effects of vintage '60s amps.

The tremolo effect is achieved by periodic modulation of the input signal level. This results in a continuous change from low to high level that has a quivering, tremulous sound character.

1. Controls

- 1 The **RATE** control adjusts the speed of the tremolo effect.
- 2 The **DEPTH** control adjusts the intensity of the effect.
- 3 The **WAVE** control alters the LFO waveform that modulates the input signal from triangle to square. This way you can achieve practically any tremolo sound, from classic to radical styles.
- 4 The **ON/BATT** LED illuminates when the effect is activated. It also serves as a battery level indicator.
- 5 Use the footswitch to activate/deactivate the effect.
- 6 Use this ¼" TS **IN** connector to plug in the instrument cable.
- 7 The ¼" TS **OUT** connector sends the signal to your amp.

Use the **DC IN** connection at the front of the unit to plug in a 9 V power supply (not included).

The **BATTERY COMPARTMENT** is located underneath the pedal cover. To install or replace the 9 V battery, press the hinges with a ballpen and remove the pedal cover. Be careful not to scratch the unit.

♦ **The UT300 has no on/off switch. As soon as you insert the jack into the in connector, the UT300 begins running. When not using the UT300, remove the jack from the in connector. This extends the life of the battery.**

The **SERIAL NUMBER** is located at the bottom.

2. Safety Instructions

Do not use near water, or install near heat sources. Use only authorized attachments/accessories. Do not service product yourself. Contact our qualified servicing personnel for servicing or repairs, especially when power supply cord or plug is damaged.

3. Warranty

Please register your new BEHRINGER equipment right after your purchase by visiting <http://behringer.com> and read the terms and conditions of our warranty carefully.
