

Adjustable DJ Laptop Stand by Gear4music

LPS-002 USER MANUAL

Thank you for purchasing the Adjustable DJ Laptop Stand by Gear4music, please read and follow the assembly instructions below.

Parts

Remove all the parts from the box and identify them, making sure none are missing. Assembly requires a phillips head screwdriver.

Assembly

Take one of the upper supports and place it over the outside of one of the lower supports, align the upper support holes with the lower support mounting holes to obtain the desired height. Place the knobs, one at a time, through the mountin holes. They must be spaced at least 2 holes apart.

Take a stabilizer bar and screw the top knob into into the end of the stabilizer bar, repeat this with the bottom knob. Repeat this on the opposite side. Install 1" spacers on each stabilizer bar to increase the stand width.

When using this stand on a table top - attach the flat floor bars using Screw A and Washer A.

When clamping to a desk attach the C-Clamps using Screw B and Washer B, attach to table and screw the Clamps screws manually.
